

## VILLAGE OF MALTA

### Prairie Springs Covenant Notification:

As a Prairie Springs applicant for a building permit you are hereby notified that the issuance of a building permit reflects solely that the application complies with Village of Malta ordinances and the identified lot is located in a subdivision subject to recorded covenants. You can review Prairie Springs Covenants at <http://www.villageofmalta.net/prairiespringscovenant.htm>

A permit issued by the Village of Malta DOES NOT mean that the proposed improvement is permitted by local covenant restrictions, and that removal of an improvement may occur if the permittee constructs improvements that violate local covenants.
